

# RIDER SAFETY GEAR REQUIREMENTS

1. An approved and correctly fitting helmet, which carries one of the following approval labels:

- a) Europe – ECE 22 – 05 ‘P’, ‘NP’ or ‘J’ [Label affixed inside the helmet]
- b) USA – DOT Federal Standard No 218 / SNELL M2005, M2010 [Label affixed inside the helmet]
- c) Japan – JIS T 8133: 2007 [Label affixed inside the helmet]
- d) Australia – Standards Association of Australia AS1698

2. Boots that must be either:

- a) Of recognised Dirt Track type
- b) Of recognised Road type which extends above the ankle
- c) Of recognised Motocross type which extends above the ankle

3. Gloves of leather or other material of similar or greater durability. MX gloves are suitable.

4. Eye protection, including spectacles, protective goggles and/or helmet visors must be worn provided:

- a) Eye protectors and spectacles are made of non-shattering material
- b) Eye protectors which cause visual disturbance are not to be used
- c) Metal or Perspex face shields are not used
- d) MX goggles are suitable

5. Long sleeves and long trousers. We recommend leathers and/or all the armour and pads you can get your hands on. Jeans and long shirt are acceptable. No shorts or arseless chaps.

6. DH15 North Bris ONLY: A commercially manufactured back protector, which continuously covers the back area between the collar line and the base of the spine. Back protectors are available for \$50+ from selected motorcycle stores or online. Roost protectors are not sufficient.
